Traffic Stop: lawful notice

Peace to you good Sir/Ma'am

To: Peace Officer(s), Sheriff, Deputy(s), Police Officer(s), Tax Code Enforcer(s), Troopers, ALL corporate employee(s): Prior to 'Presumption' of assuming a position of authority without evidence of claim, please read this, as it will be the only documentation that applies to this roadside encounter. I accept your Oath and bind it to your person.

I honorably and passively present this knowledge to you in 'good faith' that you will heed my words. I realize that you are committed to your duty and how possibly dangerous your work hours can be. However, this NOTICE is about this 'traffic stop,' and therefore, is a mandatory part of the Official Record of any ensuing action and MUST be introduced as prima facie evidence in said action.

This Notice is in lieu of requested 'driver's license' 'registration,' & 'proof of insurance' or ANY other STATE issued franchise forms. I am not in contract with/to any 'vehicle code' franchise. I am NOT a 'person,' a 'federal us 'citizen,' a 'passenger,' a 'corporation,' or a 'taxpayer.' I do NOT 'drive' commercially. My private automobile is my private possessions. The fact the automobile I'm traveling in, may be recorded on a register, It is exempt STATE jurisdiction. Just as you may choose to not answer my question(s), I am not compelled under law to reply to you either. As D/L, registration forms can be used against me in a legal proceeding, I choose to NOT have those NJ INC forms of I dent a fiction. Do not take offense of my silence. I am of sound mind and body and waive NONE of my una lien able Rights or Liberties EVER. I do NOT know you. I do NOT under stand your offer. I do NOT consent & waive all benefit/privileges, and I will NOT contract with you. If you continue your mis-guided, ignorance of the law and attempt 'Wealth Transfer/ Tax Collecting,' here and now, by touching me in any manor and/or impounding my private automobile, you will be criminally charged with False Arrest, in your personal capacity. The 'idea' of 'color-of-law' is not applicable. If your 'duty' (a moral or 'legal' obligation) compels you to arrest me, you shall take me immediately before a Magistrate.

Hale v. Henkel –the united States supreme Court when speaking on the "Law of the Land," The opinion of the court stated:

"The individual may stand open upon her/his constitutional rights. She/he is entitled to carry on her/his business in her/his own way. Her/his power to contract is unlimited. She/he owes no duty to the state or to her/his neighbors, to divulge her/his business, or to open her/his doors to investigation,

so far as it may tend to incriminate her/him. She/he owes no duty to the state since she/he receives nothing therefrom, beyond the protection of her/his life and property."

Thank you for your valuable time and consideration in this instant matter. I value your assistance and respect your obligations. If you require further assistance it is requested that you place your concerns in writing to:
